

National Association for Specialized Canine Agility Racing
presents: ***The Speed Dogs***

Goal: To create a unique and exciting dog racing entertainment show to be used by NASCAR, Motor Speedways, Sponsors, Race Teams, Drivers, and their respective Foundations across the country.

NASCAR would be heavily represented during our auto and non-auto racing show schedules. We will proudly promote NASCAR and the sport of Auto Racing during our annual show performances at State and County Fairs, Consumer Shows, and Expositions across America.

Motor Speedways benefit greatly from the added entertainment value of the Speed Dog Show. The performances may be used as a main attraction, area entertainment, rain delays, or even as filler between Speedway activities. Our excellent mobility makes changing stage areas fast and easy.

Sponsors enjoy the massive consumer awareness generated by the Speed Dogs. In-show promotions, banners, equipment signage, and heavy media attention are only a few of the benefits of sponsoring The Speed Dog Show.

Drivers and their Racing Teams will 'get into the act' by sponsoring the Speed Dogs individually. Racing vests that portray their car number and paint scheme will be worn proudly by the soon to be famous Speed Dogs. Drivers and their families may also enjoy practice and play time on the course with their pets from home. We could even hold celebrity races starring the Driver's dogs after minimal training conducted by our expert Dog Training Staff.

Mission Statement to our friends at the NASCAR Family of Drivers Foundations and Organizations Nation Wide:

We pledge to volunteer the Speed Dogs to help generate donations, consumer awareness, fund raisers, or simply just to supply performances at no charge to benefit the many awesome worthy causes (especially children and animal welfare organizations) within NASCAR.
