**Our Problem Dog Class addresses the most common bad behaviors. We recommend the 'Good Dog Class' first, as this basic class usually fixes a majority of issues. If you still have isolated problems with your dog, then this is the class for you.**

**Bring your dog to be trained one-on-one to ensure the correction of undesired behaviors.**

## **We Train YOU to Train Your Dog!**

The '**Problem Dog Class**' is a one-hour long session set by appointment. The program can be used for single or multiple problems. Behaviors like jumping up, pulling on leash, etc. are usually fixed with one session. Other issues like barking, aggression, dominance problems, etc., may require scheduling in a group environment to set up the behavior. All other issues are evaluated at the first session so that we may estimate the time it will take to correct the behavior.

**This class is formatted for dogs that have completed some form of basic obedience training.**

**Classes** are held on either Tuesday or Wednesday each week by appointment only. You must call or email Ken Scarnegie to make an appointment. **The cost is only \$30 per one-hour session!**
